Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Multiple Checkboxes Indicator of Completeness

Application/Area

Infocapture

Description

It would be nice for multiple checkboxes to have some kind of indicator to show how complete it is.

For example, if I have a multiple checkboxes field, named "Tasks", with 3 values ("AM Check", "PM Check", "Midnight Check") and I select only "AM Check", when I am viewing the ticket it will just show "Tasks: AM Check".

There is no indication that there is another two options that are missing/unchecked.

It would be nice to see something like "Tasks (1/3): AM Check" or perhaps display all options and bold/underline checked ones.
