Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

### Short summary of idea\*

Batch select and download of images/files attached to Infocapture tickets

### Application/Area

Infocapture

### Description

I would love to see being able to select all and download images and files attached to Infocapture tickets as a batch instead of one at a time. We have a number of clients who upload numerous documents to a ticket and downloading them all at once would be more efficient.

Thank you!
