Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
Adding channels to image gallery

Application/Area
Image Gallery

Description
Having channels available in the image gallery so when you place an image gallery component on a page you can choose which channel (like a sub-gallery) you want to display images from. Similar to the blog or news channels.
