report

SLA

Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

### Short summary of idea\*

Pseudonym Author Feature without separate or additional login required

#### Application/Area

News

#### Description

News and Thank You Widgets

Allow admin users to have an option for a pseudonym (i.e. Public Relations, Marketing Department, Wellness Committee, etc.) without having to create an additional user or login account to do so. Similar to how a Facebook business page works with multiple admins who are allowed to post news as that business.

This would allow users to quickly post news or thank yous as if it were from their department and not themselves.
