Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Gallery Widget

Application/Area

Image Gallery

Description

Need a widget that displays as a slideshow of the files in the gallery. The Slider widget is too clunky and it's kind of a pain to add each image as a slide. Would be nice to just have something scroll through all of the pictures. Pictures could link back to main gallery.
