Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

**Short summary of idea***

'Next Module' button

**Application/Area**

Learning

**Description**

Having to 'mark complete' a module and then navigate back to the course in order to get to the next module is a bit cumbersome. If there could be a 'next module' button that appears after a module has been marked as completed, it wouldn't interrupt the flow of the course or require so much "going back" for the user.
