Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Mandatory workflow status change

Application/Area

Policy Manager

Description

Would be very handy and strengthen the document control capabilities if it would be possible to i.e. set approval as a mandatory workflow step.

Right now you can easily skip it as you are able to change the status to whatever status you prefer.
