Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

### Short summary of idea\*

Automatic assign permissions in Policy manager

### Application/Area

Policy Manager

### Description

Instead of setting a owner to a document, and then also having to remember to specify in the permissions tab giving big room for error, it would be handy if the document owner you set automatically gets full access to that document. Same applies for other users you create.
