Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
Ability to add third-party scripts to specific pages only

Application/Area
Pages

Description
In order to easily add a third-party tool like a floating chat window to a specific page or site, we need an ability to add scripts to specific pages only. Currently it's only possible to do so globally or on a theme level.
