Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

/infocapture/ shortcut Links should Mirror look of buttons

Application/Area

Infocapture

Description

I have a small GUI suggestion.

Many of our info capture forms are color coded and have different icons.

As an administrator with access to all of these forms i navigate to <https://intranet.mycompany.com/intranet/infocapture/> often.

Perhaps there is a way to change this currently that i am unaware of. If not then it would make for a nice future addition.

Thank you.
