Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
News Article URL to display as article title

Application/Area
News

Description
Currently news article URLs are just shown as a number and this can make the reporting / analysis of the most viewed articles time consuming.

Could the news article URL be predetermined in a similar way to how page URLs are auto assigned when adding a new page?
