Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

More robust reporting on Events and Learning Paths

Application/Area

Events

Description

Can we make all the attributes from the User Report and the Events Report available on the same report? This would make life so much easier. All the data is available - just not in the same spot. This creates a lot of manual analysis for my team. Thank you for considering!
