Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Add Location to Skills Search Results

Application/Area

People

Description

It would be helpful to add a way to view each employee's location when viewing the skills matrix results so that those searching could see the employees that have those skills without having to then go to the employee's profile to see which office they are located in.
