Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Display today's date on site

Application/Area
General

Description
On the top menu item you can only display the time and hovering over it will display the date. It would be nice to be able to display the date or be able to add it to the main page with an element.
