Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

No Field Condition Sets option for File type fields.

Application/Area

Infocapture

Description

Following on from support ticket <https://discover.claromentis.com/form...w/030795> (<https://discover.claromentis.com/forms/tickets/view/030795>) I think there's a clear piece of missing functionality in Infocapture Field Condition Sets, in that you cannot know when a file is uploaded into a File type field. It would be really useful to be able to identify this in an FCS, so that we can base a trigger on it, and send a notification accordingly.
