Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Ability to default a news channel when adding news

Application/Area

News

Description

It would be great if you could default the channel when adding news, dependant on the 'add' URL.

This way you could use buttons to add news to a certain channel, rather than relying on the user to select the correct one!
