Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Focus on a single Image Gallery Album

Application/Area

Image Gallery

Description

Much like documents can be "focused" on a specific folder on a page, it would be great if Image Galleries could focus on specific album on a page. For instance, we have albums for various employee groups, and would like to show only the album for a specific group on their group page.
