Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Description

When using the Discuss List widget on a page, show the number of unread messages in each Discussion Board since the user last logged in.

Also, provide an option for the user to 'mark all as read' on the Discussion List.

This will save time for the users. They can prioritize which Discussion Board to visit when they log in.
