## Description

1) Provide an option in the set up of an Announcement that the announcement cannot be Dismissed. There are some announcements that need to stay put for a week to ensure people remember to take action. Reading an announcement and then promptly dismissing it doesn't result in an action or remembering the announcement.

2) Provide an option to change the "Dismiss" text especially when an acknowledgment is requested. Some team members were confused/worried that selecting "Dismiss" after they acknowledged an announcement would wipe out their acknowledgment.

We love the new Announcements feature but we need more flexibility in the functionality.

Thanks
