Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Automatic email of Log in Information for new users

Application/Area

Other

Description

It would be beneficial to have a workflow such that once we sign someone up for our site, they are automatically emailed the instructions to login for the first time. We use the .csv template to import bulk users, then would have to individually email them login information. So it would be very beneficial to have this automated.
