Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Allow for countdown timer to prevent user from skipping to check complete

Application/Area

Learning

Description

Would like to be able to set a countdown timer on courses/modules that would prevent the completion checkbox from being ticked until the timer is up. This would allow us to prevent people from skipping the actual content on mandatory courses.
