Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Make Buttons Searchable

Application/Area

Description

Oftentimes we have buttons that lead to external resources for employees, that aren't mentioned elsewhere. Buttons do not come up in a keyword search so we find people searching for these resources and coming up empty when in fact those links do exist in the intranet.
