Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Update Anniversaries App to Show Recent New Hires

Application/Area

Other

Description

Currently the Anniversaries widget can only be used to recognize employee birthdays, or anniversaries, from a "future-looking" perspective - it looks at hallmark dates in the next month, 2 months, etc.

It would be nice to also be able to recognize who has been newly hired, in the past 1-2 months, rather than have to create such a people list manually.
