Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Description

Tag a group of people in the system. Currently, individuals can be tagged in a comment field in a discussion board, blog, KB, etc., and that will trigger a notification; can the same be done for a group of people?
