Short summary of idea*
Infocapture search to include search by submitter and Assigned to as criteria

Application/Area
Infocapture

Description
Dear,

We use Infocapture search on a daily basis to view records for a particular keyword. Sometimes, I do not see some of the issues been reported for the keyword and I understand from my enquiry earlier that it the limitation that the keyword search will look for the keyword under form fields, notes and attachments. It would be great If it can be extended to include "Submitted by" and "Assigned to" as it makes us feel complete search and believe this as an useful feature.

Regards,
Santhosh SA
