Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
Change sender name on News email notifications

Application/Area
News

Description
To change the sender name on the email to the person who published the news item, instead of the system name.

This would help prevent news notifications being diluted in the recipients inbox, and encourage them to read news when they receive notifications.
