Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Description

I know that if you edit a page and then navigate away it will save the page as a draft, but it would be good to actually specify that you want to save a page in draft format, so users feel confident about making a change (and perhaps having it checked by someone else) before it is 'published'.
