Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
Automatic Update of date field (to today)

Application/Area
Infocapture

Description
On a trigger it would be good to be able to update a date field with the {now} variable, currently it is only possible to set it to a specific date value.
