Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Description
People do not download an ics from the Event landing page. Our training team manually sends calendar invites separate from the intranet to ensure attendees show up to their courses.

It would save them a TON of wasted time to have the Intranet Events module automatically generate a registration confirmation email as an .ics Outlook invite.

Thank you for considering!
