Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Ability to toggle download of documents on/off per file

Application/Area

Documents

Description

It would be great to have the ability to toggle download of documents on/off per file or folder. This would allow users to upload files, but add security so files can only be read if desired.

Thanks!
