Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

### Short summary of idea\*

News Likes

### Application/Area

News

### Description

Please can you consider some alternative options for reacting to News Articles, ie. care and sad reactions for example.

There are instances where news items don't attract many reactions as the news is not necessarily needed to be commented on, but a 'like' may seem inappropriate (ie. if you're advising of someone's passing, or a person off work due to an injury etc).

Thank you for your consideration.
