Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Bulk Update Policy Permissions

Application/Area

Policy Manager

Description

Be able to update multiple policies permissions as you can only update one at a time.

When updating the default permission section this also updates any policies that are currently inheriting default permissions (similar to how Documents handle permissions)
