Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Customisation of orgchart layout and default display

Application/Area

OrgChart

Description

Hello,

It would be handy to be able to customise how the orgchart renders the connections between managers and their reports. For some of our teams its preferred to have a more horizontal layout in order to see the connections clearer.

Additionally being able to set the default zoom would be useful. especially for larger groups where people want to get a slightly wider view.

Lastly and I think this may already be a request, the ability to manually add dotted line reports would be great.

Thanks,

Anthony
