Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Offer layout/formatting options in Knowledge Base like in pages

Application/Area

Description

I've found that I'm having to make pages for articles in my Knowledge Base that need better visual layout. It would be nice to have some layout and formatting options in the KB that are like pages. Allowing widgets, text boxes, etc. would mean I could keep articles in the KB that I want to keep there for ease of searching.
