Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Menu Builder: Ability to add Icons

Application/Area

Menu Builder

Description

Would love the ability to customize our menu with icons.

Either making the menu items solely an icon or making it have the icon and then text. IE: so instead of a menu just saying "Help" it has a question mark in a circle next to the word "Help".
