Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Announcement Pop-Up

Application/Area

General

Description

We would like the option for Announcements to immediately pop-up on a users screen without them having to refresh or click on something, forcing a refresh. This would be a great help for critical information delivery to our users, and a great convenience for regular everyday information.
