SLA

Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Room Booking Notifications

Application/Area

Room Booking

Description

Would love it if we could have an option to provide notifications to specific users after a room is booked.

Currently, users can only receive a notification if approval is required for booking a room. However, we do not require approval for rooms but our office manager would still like to know when someone has booked a room to keep track.

This would be a great feature!
