Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Subscribing users to existing discussions in Discuss

Application/Area

Discuss

Description

It would be great to be able to subscribe new users to existing discussions. I'm thinking of e.g. someone new starts work with us and needs to be part of existing groups. It would just be nice if they didn't have to manually subscribe when they have a million other onboarding things to deal with and it might get missed.

Thanks for considering this.
