Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*
masquerade as another user

Application/Area
General

Description
It would be useful to be able to masquerade as another user so that you can see what they have access to. It would be really useful for testing infocapture forms, so that you can see if the permissions and visibility works as expected.
