Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

allow multiple rooms to be selected for booking at the same time

Application/Area

Room Booking

Description

Allow you to select more than 1 room at a time.

We have changed the app to use it for desk booking. It would be good if people could select 2 or 4 at a time when they know they are going to the office as a team.
