Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

Short summary of idea*

Have Assigned to as a drop down list in the report filters

Application/Area

Infocapture

Description

I have just found out that I need to enter a user id for the assign to field in a report. I wouldn't expect users to know their user id, so this means that it is not very user friendly for people to filter a report by who it is assigned to.

Please can you change it so that the assigned to field is a drop down list taken from the infocapture permissions (the same as you have in the advanced search section).
