Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.
If you have an immediate need for a feature please submit a Change Request instead.

Description

Hi! Some of my users post some news, but when a comment or a like is added on the article, they don't get notification. So, when they have a question to answer about the article, they often don't see it. It would be great that they could be notified when it happens!
