Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.  
Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.  
If you have an immediate need for a feature please submit a Change Request instead.

**Short summary of idea\***  
Bring Search Capability up to Basic Standards

**Application/Area**  
Other

**Description**  
It does not appear that the search capability is close to industry standards. If I'm searching for something in quotes then it should only exact match on what is in the quotes. Currently the search not only matching to things that don't match what I'm looking for it's trying to search for suggested words based on what I typed. Please upgrade the search functionality for exact match when quotes are used.
