Our Product Owners will review your ideas monthly and you will be notified on any changes made to the status of your ideas. We will let you know personally once your idea has been scheduled.

Make sure you also vote on ideas that you want to see in the product, as we will take this into account when deciding on what ideas to implement.

If you have an immediate need for a feature please submit a Change Request instead.

### Short summary of idea\*

Documents: Be able to replace a document with a different file type

### Application/Area

Documents

### Description

Hi,

We'd like to be able to replace a document with a different file type. For instance, if someone adds a PDF and then later wants to replace it with a Word doc that is editable, we'd like to be able to do that instead of adding new and then deleting the PDF document.

Thanks
