Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

**Short summary of idea\***

Archive for News App

**Application/Area**

News

**Description**

Could you add an archive feature so that we can keep a historical record of our news articles? It'd be nice to see what we have in total for a year, and to duplicate articles occasionally.

The workaround right now is to create a News category for an archive, but that then removes our current department-specific category that's been helpful to have.
