Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request (https://discover.claromentis.com/forms/changes)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Image Widget Background Color

Application/Area

Other

Description

By default, the image widget only has the option to change the background to transparent. If possible, we would like the ability to change the background color behind the image. This would be similar to the background color options that you see in the buttons widget.
