Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Clicking the 'Comments' icon should navigate directly to the comments section of the article

News

Description

As a user viewing the list of news articles, I sometimes want to be taken directly to the comments section.

Currently, clicking the 'Comment' icon takes me to the article page instead of jumping to the comments section.
