Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request \(https://discover.claromentis.com/forms/changes\)](https://discover.claromentis.com/forms/changes) instead.

**Short summary of idea\***

Allow custom export lists when exporting users

**Application/Area**

People

**Description**

Instead of selecting the various desired columns over and over again and having to order them as I would prefer, can there be a 'smarter' way I can save different export lists so that I just need to click on it to export the csv file? Thanks for considering this!
