Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a [Change Request](https://discover.claromentis.com/forms/changes) (<https://discover.claromentis.com/forms/changes>) instead.

Short summary of idea*

Allow a search function for the org chart

Application/Area

OrgChart

Description

As the org chart contains the entire organisation, it can get difficult to view staff even if we try to zoom out and use the find page browser function.

It would be helpful to add a search function to quickly zoom in on the relevant staff.
