Please feel free to submit new product enhancement ideas. Our Product Owners will review your ideas periodically and let you know personally if your Idea has been scheduled for development.

Unfortunately, it is not possible to pick up every Idea and not every Idea will receive a reply.

Make sure you also vote on Ideas that you want to see in the product, as we will take this into account when deciding on which ideas to implement.

If you have an immediate need for a feature please submit a Change Request (https://discover.claromentis.com/forms/changes) instead.

Short summary of idea*

Remove Domain from Standard Login Page

Application/Area

General

Description

Ability to remove a specific domain from the selection list when signing in on the standard login page. This would be useful when SSO is utilized, but LDAP is still needed for user import.
